

Firuz Kamalov

Professor | Mathematics & Machine Learning

firuz@cud.ac.ae • Dubai, United Arab Emirates

[Scopus Profile](#) • [Google Scholar Profile](#)

Professional Summary

Stanford–Elsevier Top 2% Scientist with over **150 publications** related to mathematics, machine learning, time series, and education. Distinguished academic with a strong track record of securing high-value research grants (AED 9 Million) and serving in editorial leadership roles for high-impact journals.

Experience

Canadian University Dubai

Professor

Associate Professor

Assistant Professor

Dubai, UAE

2024 – Current

2020 – 2024

2011 – 2020

- Recipient of the Teaching Excellence Award (2013).
- Recipient of the Research Excellence Award (2014, 2024).

University of Nebraska

Graduate Instructor

Lincoln, USA

2006 – 2011

Education

Harvard University

Graduate Certificate in Data Science

Boston, USA

2022

University of Nebraska

PhD, Mathematics

MS, Mathematics

Award: Othmer Fellowship (2005–2008) | Total award: USD 21,000

Lincoln, USA

2011

2007

Macalester College

BA, Mathematics and Economics (with Honors)

Award: DeWitt Wallace Scholarship (2000–2004) | Total award: USD 250,000

St. Paul, USA

2004

Key Grants & Funding

PI	Dementia Detection using Explainable AI <i>Dubai Future Foundation</i>	AED 1.0 Million	2025 – 2027
Co-PI	Numerical Computing in Math Curriculum <i>UAE Ministry of Education</i>	AED 7.5 Million	2020 – 2023
Co-PI	Stability of Feature Selection Methods <i>American University of Sharjah</i>	AED 253,000	2022 – 2024
PI	Medical AI <i>Canadian University Dubai</i>	AED 96,000	2021 – 2023
Co-PI	Synthetic Datasets for Feature Selection <i>American University of Sharjah</i>	AED 25,000	2022 – 2023
Co-PI	Forecasting Covid-19 in GCC <i>Najran University</i>	SAR 29,000	2020 – 2021
PI	Feature Selection in Medical Data <i>Canadian University Dubai</i>	AED 15,000	2013 – 2014

Editorial Leadership

Editor-in-Chief: *Gulf Journal of Mathematics* (2013 – Current)

Associate Editor: *Journal of Intelligent & Fuzzy Systems* (IOS Press) (2023 – 2025)

Guest Editor:

- *Sustainability* (MDPI), 2022, 2025
- *Mathematics* (MDPI), 2024
- *Frontiers in Big Data* (Frontiers), 2022
- *Trends in Mathematics* (Springer), 2022

Selected Talks

Time series forecasting with machine learning <i>Keynote Speaker, ICAIMT, Abu Dhabi, UAE</i>	May 2025
KDE sampling for imbalanced class distribution <i>Keynote Speaker, ICSDAA, Irbid, Jordan</i>	Dec 2019
A note on Property T <i>Invited Speaker, Joint AMS-MAA Meetings, San Antonio, USA</i>	Jan 2015
